

DIPONTO launches products of the emergency signaling line at Exposec 2017

"Visibility for the brand, opportunity for launching products and contact with qualified public are the differentials for investment in EXPOSEC", comments Adrinei Kaiser, Director

of **DIPONTO**.

The company has been operating for 32 years in the Brazilian market with several models of point controllers, siren actuators, sirens, dish bells, cicadas, garage lights and emergency lighting on the signaling line.

Participating in **EXPOSEC | International Security Fair** since 2011, DIPONTO has been expanding its activities with the launch of new products and in this edition of the event will expose all its portfolio, especially the new products of the emergency signaling line: DPLUMENS - emergency lighting of LED, developed for use in condominiums, factories, schools and malls, in the 1200 lumens versions (with 6h of autonomy) and 2000 lumens (with 3h of autonomy). Also, stand-alone emergency exit cards and the DP4000 siren, turned to alarm and fire pump, as well as sound warnings over long distances. The company seeks through the fair to establish new partnerships and strengthen business with long-time partners.

A complete business platform for the security industry, EXPOSEC stands out for the diversity of products, launches and business opportunities offered to the market, as well as high level content programming with lectures directed to the security area: the 28th **COBRASE | Brazilian Congress of Private Security** and the **Exposhow | Exhibitor lectures** bring broad agendas open to the public.

The 20th edition of the event will be held **from May 23 to 25, 2017, at São Paulo Expo**, in São Paulo with organization of **Cipa Fiera Milano** and the **Brazilian Association of Electronic Security Systems Companies (ABESE)**. With free admission, the organization of the event anticipates the participation of approximately **800 exhibiting brands** and an estimated **42,000 visitors** among electronic, private, personal, patrimonial and business security professionals.
